

K-LOVE (FM 90.1, Roswell, NM) serves Roswell and the surrounding towns. It is a favorite of my family as well as our friends. It is one of the only family-friendly radio stations in the area. If the LPFM stations were to have priority over FM translators, we stand to lose this service. That would leave hundreds of families without a radio station to listen to. Those children who now listen to K-LOVE might listen to programming that does not have the high moral values that the producers of K-LOVE have. Please do not force our signal off the air.
